

Help File for Free Downloads Section

You may wish to print this page for future reference. To print choose **Print** from the file menu.

ADL Screen Saver Help

- To install a screen saver for Windows, download it to your hard drive, then unzip the downloaded file and double-click on the unzipped .exe file.
- To activate a screen saver, right-click on your desktop and choose **Properties**. Under the **Screen Saver** tab, select the screen saver you want to activate, then click **OK**.
- Flash 5 is needed to preview screen savers.

Please Note: Currently the screen savers are only available for Windows.

ADL Wallpaper Help

- If using Internet Explorer for the Macintosh click on size choice then control-click on image choice and choose **Download image to disk**.
- To install the wallpaper on Windows, download it to your hard drive, then right-click on your desktop and choose **Properties**. Under the **Background** tab, click the **Browse** button, then select the wallpaper that you just downloaded. Click **OK**.
- To make a wallpaper stretch to fill the screen in Windows, right-click on your desktop and choose **Properties**. Under the **Plus!** tab, select the check box next to **Stretch desktop wallpaper to fit the screen**. Click **OK**.
- To install the wallpaper on a Macintosh, download it to your hard drive, open the **Appearance** Control Panel, located in the Control Panels folder under the Apple Menu. Choose remove picture (this will remove the current image, if applicable). Then choose **Place Picture**, select image that was downloaded. Finally, after choosing **OK**, then click **Set Desktop**.
