

## JKO/ADL Mobile

**Joint Knowledge Online (JKO) / Advanced Distributed Learning (ADL) Mobile** is a collaborative effort to deliver a free mobile Application (App) that provides access to unclassified, releasable, mobile training and performance aiding content using Apple and Android mobile phones and tablets. The JKO Mobile App is available in Apple and Android App stores, for use on Apple and Android tablets and phones.

The JKO/ADL mobile capability is enabled by:

- JKO Mobile App used to download mobile content.
- Mobile Learning Suite (m-LS) that manages all mobile content, mobile user information, and synchronization of information between the JKO Mobile App and the m-LS.

### How to Get Started:

1. **Apply for a PIN** code by contacting the Defence Learning Portal (DLP) Team, Defence Centre of Training Support (DCTS) using the contact information at the bottom of this page.
2. **Download and Install the JKO Mobile App** from your Apple or Android app store, type in your PIN and download available courses from the App's "Download" section.
3. **Complete training courses on your mobile device.** Course completion records are sent to the m-LS server upon a successful "Sync" with your device ("Sync" requires connection via Wi-Fi or a mobile data plan).
4. **Complete** the course "JKO Mobile Feedback Survey" to ensure PIN remains activated.
5. For questions please contact the DLP Team on 95237 6285.

*The JKO Mobile App can be downloaded to an Apple iPad, iPod, and iPhone as well as an Android tablet and phone.*

*With JKO Mobile you can:*

- **Get the latest JKO news**
- **Complete courses**
- **Download job aids**

*JKO Mobile is a training capability delivered by the JKO/ADL Mobile Pilot Program - a collaboration between JKO and ADL Initiative's Partnership Labs to access training and education using mobile devices.*

## JKO

**Joint Knowledge Online** is the U.S. Department of Defence (DoD) unique and authoritative distributed learning capability that delivers global, 24/7 access to Web-based, immersive, interactive training and joint learning resources. JKO is partnered with the UK Advanced Distributed Learning Partnership Lab for JKO Mobile.

## ADL PARTNERSHIP LAB NETWORK

Partnership Labs work within their country and with other Partnership Labs and ADL to further ADL's vision and to develop and disseminate common guidelines, lessons learned, and tutorials for ADL and to share resources among all stakeholders. ADL Partnership Labs are participating in the JKO/ADL Mobile initiative to enhance the ability to share coalition training using mobile devices.

**UK ADL Partnership Lab** is hosted by the Defence Centre of Training Support (DCTS) Learning Technologies (LT) and includes several departments with expertise in the use or technology for military training. It provides the Ministry of Defence's LT programmes with a centralized resource for support and consulting on existing and emerging learning technologies.
